SUPPLEMENT TO
REPORT NO.

25X1X6

25X1A 1. [REDACTED] that Gema has not worked on guided missiles since November 1946.

2. The Russian technical commission concerned with guided missiles at Gema until December 1946 comprised the following:

Chief of Section : Major Timofeev
Group Chief : Lt. Colonel Gluske
Technicians : 1st Lt. Chernokashnikov
Engineer Peter Aleksevitch (sic)

3. This section worked on reconstruction of the V-2, the Rheintochter, Schmetterling, Wasserfall, and Rotkaepchen. The Rotkaepchen was completely reconstructed in Berlin, but the latest stages of development of the V-2 were carried out at an installation in Bleicherode in Thuringia. The work of the Berlin office was limited to drawing up instruction plans based on the information provided by the office in Thuringia. One of the engineers at Bleicherode was Richard Pflugic.

4. In December 1946 both the Berlin and Bleicherode offices concerned with guided missiles were transferred to the Soviet Union. German specialists attached to this commission who were sent to the Soviet Union at that time include the following:

Group leader : Engineer Wilhelm Burkhardt
Engineer Specht
Engineer Fritsch
